

Rely On
RUUD™ Heat Pumps
Model UPRL-JEZ

Life is fast...

*... spend it
doing the things
you like to do.*

Your life stays in motion. Yet you stay in total control. Cool and calm at the center of any storm, completely at home in your environment.

You've made the right choices – and they're working for you. The world outside will keep spinning, but your world, you control.

You can rely on life to hand you something exciting and new every day. Rely on Ruud® Ultra Series™ to keep the comfort coming home.

Model UPRL- JEZ

- Features on-board system diagnostics
- Active compressor protection
- Up to 17.00 SEER in certain matched systems
- Broad range of cooling capacities from 23,600 to 58,000 BTU/H
- A 10-Year limited Warranty on all parts, plus a 10-year conditional unit replacement warranty

Warranty Information

Ruud supports its equipment with strong warranties and reliable, professional service. That's why Ruud backs the *Ultra Series* 16-SEER UPRL-JEZ Heat Pump with a generous 10-year limited warranty on all parts. In addition, a 10-year conditional unit replacement warranty is provided. See the Ruud *Ultra Series* Warranty Card for complete details.

Protection You Can Count On

While your Ruud equipment is incredibly reliable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Ruud Heat Pump – without worrying about the cost of parts or labor for unexpected repairs. Ask your dealer about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit www.protectionplus online.com.

KwikComfort Financing

Ask your Ruud dealer about *KwikComfort® Financing*, the easy and convenient way to finance everything associated with your Ruud equipment – your original equipment, all subsequent service, Protection Plus® extended service protection, and even the comfort options you might choose to add later.

Take a look inside...

Want to learn more about how your home's heating and cooling system operates? Take the interactive Ruud Virtual Home Comfort Tour online at Ruudac.com/VirtualTour.

Features and Benefits: Comfort Control System™

The *Comfort Control System* provides:

- **On-Board Diagnostics** - The Ruud exclusive 7-Segment LED Display on the control board quickly and accurately shows your contractor the source of system malfunctions. This feature aids the contractor in servicing or repairing your unit, saving you time and money.
- **Fault Recall** - Even if there is a power failure, this feature will retain the system's "operation history" and will display it on the control board for quick and easy viewing during service calls.
- **Active Protection** - This feature monitors your system to prevent the compressor from operating when potentially harmful conditions are detected.
- **Increased Reliability** - The thermostat communication capability can alert you to any necessary service requirements, giving you peace of mind that your home comfort is guaranteed.

Heart & Scroll

The heart of your heat pump is the compressor. That's why every Ruud unit features a Two-Stage Scroll® Compressor – widely recognized as the industry leader for performance and durability.

Humidity Control

When matched with an *Ultra Series* Air Handler, the system adjusts airflow to help control humidity for unsurpassed comfort in the cooling mode.

Durable Cabinet

Our galvanized steel cabinet protects your Ruud unit from the elements, helping reduce maintenance expense.

Low Corrosion and Sound

A special base pan elevates the unit off the pad and away from corrosive condensation. More quiet performance and lower vibration levels also result.

Fan-tastic

Our motor mount prevents damage to your fan motor – extending its service life and providing quiet operation and improved efficiency.
